

What Is SmartShopper?

Get the facts about medical costs in your area – and earn money, too! SmartShopper is a confidential, voluntary program that tells you the prices charged by medical providers near you. If you choose a cost-effective provider for your medical service, you can earn a cash reward ranging from \$25 to \$500.*

What Do I Do?

If you are covered by a HealthTrust medical plan, when your doctor refers you for a blood test, screening, surgical procedure, physical therapy, x-ray or other service, remember to “Look before you book.”

Shop online. Log in to your secure account at www.healthtrustnh.org and click on the SmartShopper button, then “Shop for Service,” and follow the prompts. You will see a list of providers in your area and how much they charge for the medical service you need.

Shop by phone. Call **866.319.3706** to talk with a SmartShopper Personal Assistant who can help you:

- Find a cost-effective option for your medical service.
- Assist with a referral, if needed.
- Schedule your appointment.

Shop before your medical service. You can shop as late as the day of your service, as long as you shop before the appointment.

How Do I Qualify For a Reward?

If you have your procedure at a cost-effective provider, you will receive a reward check in the mail after your claim is processed. There is nothing more you need to do!

For a list of eligible medical services and the rewards* you could earn for each, please turn over this flyer.

Questions? Call 866.319.3706, submit your question by email to SmartShopperSupport@sapphire-digital.com, or chat online with a SmartShopper Personal Assistant by logging in to your secure account at www.healthtrustnh.org and clicking on the SmartShopper button.

Please note: Retirees with Medicomp Three coverage are not eligible for the SmartShopper program.

**The amount of any cash rewards is taxable to the recipient for federal income tax purposes.*

Program is subject to change without notice. Please note that covered individuals will be presented all incentive options EXCEPT when the second and/or third option is 50% higher than the most cost-effective option in the area. In this situation, only the top incentive will be offered. For certain inpatient procedures, only one incentive option is provided. All shopping needs to be done before services are rendered either by calling or logging in.
