

## **IFA**

Pittsfield School District

### **INSTRUCTIONAL NEEDS OF EACH INDIVIDUAL STUDENT**

The Board recognizes that each student has unique and distinctive learning styles, and that not all students will excel in traditional classroom settings. To that end, the administration will design the district's instruction and curricular program to meet the instructional needs of students with different talents, interests, and development.

Administrators and teachers should collaborate to consider and address students' different talents, interests, and academic development when planning the district's educational programs and curriculum.

To meet the instructional needs of students with different talents, administrators and staff should explore alternative learning programs such as extended learning opportunities, alternative learning plans, online learning, vocational/technical education, and others.
